Why Royal Vinyl Siding?

Year after year, season after season, Royal Solid Vinyl Siding performs like no other. Royal Siding protects the hard-earned investment you've made in your home. Covering your home with Royal Solid Vinyl Siding can increase its market value.

With Dura Technology, Royal Solid Vinyl Siding resists denting. Your home is protected from day-to-day punishment. Unexpected impacts won't cause your siding to peel or flake. Unlike painted or coated products, the color in Royal Vinyl Siding is solid throughout the product.

Royal offers a wide selection of siding choices to meet your needs and budget. All of our siding products come complete with a beautiful selection of dependable accessories in an array of matching or contrasting colors.
