HEAVY METAL

CSC Sheet Metal manufactures custom downspouts and elbows to match our gutters in an array of heavy gauge metals. Think 24-gauge kynar painted downspouts or 032 kynar aluminum elbows. We can also fabricate special profiles, like our half-round downspouts in hard-to-find materials like lead-coated copper.

Make a statement that lasts with heavy-gauge downspouts and elbows from CSC Sheet Metal.

AVAILABLE MATERIALS

- Lead-Coated Copper
- Copper
- Kynar Aluminum
- Kynar Steel
- Follansbee Steel
