## OLYBOND FOAM ADHESIVES

OlyBond500 SpotShot is a fast-acting, dual component, low-rise polyurethane foam adhesive. OlyBond500 Green SpotShot is more environmentally friendly, made from rapidly renewable resources, and contributes to LEED and sustainable projects.

All SpotShot is low-VOC and designed to attach insulation to roof decks and to other insulation board. It is ideal for small jobs, crickets, hard to reach areas and repairs. SpotShot is dispensed through a portable 1:1 applicator, and does not create any odors or noise that might disturb building occupants.

OlyBond NightShot is a dual component foam adhesive specifically designed to temporarily seal new single-ply roofing systems to

existing asphalt roof covers, ensuring a watertight seal. NightShot is easy to use and dispensed with either a manual or stand-up applicator.

## OLYFLOW RETROFIT ROOF DRAINS & PIPE SUPPORTS

COMMERCIAL ROOFING

PipeGuard is a one-piece rooftop pipe support that's fast and easy to use, requiring no tools for installation. Made of durable EPDM rubber, PipeGuard is a safe alternative for supporting rooftop pipes without the damage wood blocks can cause. PipeGuard accommodates steel, copper and PVC rooftop piping up to 5 inches in diameter and in heights from 1.5 to 8.5 inches off the roof. Available in five sizes.

Hercules RetroDrain

RAC Deluxe RetroDrain

Scupper RetroDrain

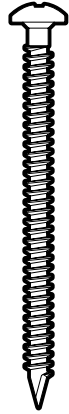

The OlyFlow line includes the Hercules RetroDrain, the largest selling and most commonly specified retrofit roof drain, as well as the RAC Deluxe RetroDrain and the Scupper RetroDrain. OMG will custom design and fabricate drains for unusual conditions.

Available in 3 in., 4 in., 5 in. and 6 in.

## STANDARD ROOFING FASTENERS

PRODUCT CODE	SIZE	QTY/ BOX
CR158	1½ in.	1,000
CR214	2¼ in.	1,000
CR278	2¾ in.	1,000
CR314	3¼ in.	1,000
CR334	3¾ in.	1,000
CR412	4½ in.	1,000
CRST5	5 in.	1,000
CRST6	6 in.	1,000
CRST7	7 in.	1,000
CRST8	8 in.	1,000

## HEAVY DUTY ROOFING FASTENERS

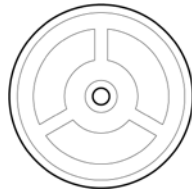

PRODUCT CODE	SIZE	QTY/ BOX
CR114	1¼ in.	1,000
CR134	1¾ in.	1,000
CRHD2	2 in.	1,000
CRHD3	3 in.	1,000
CRHD4	4 in.	1,000
CRHD5	5 in.	500
CRHD6	6 in.	500
CRHD7	7 in.	500
CRHD8	8 in.	500
CRHD9	9 in.	500
CRH10	10 in.	500
CRH11	11 in.	500
CRH12	12 in.	250
CRH14	14 in.	250
CRH16	16 in.	250

## STEEL PLATES & PLASTIC PLATES

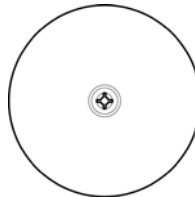

### STEEL PLATES

PRODUCT CODE	SIZE	QTY/ BOX
SPGA2	2 in.	1,000
SPGA3R-ST	Stacked 3 in.	1,000

### PLASTIC PLATES

PRODUCT CODE	SIZE	QTY/ BOX
PL002	2 in.	1,000
PL003	3 in.	1,000
PLL03 Locking	3 in.	1,000

## BASE SHEET ATTACHMENT

This problem-solving fastener from OMG is a unique double-locking impact nail engineered to secure base sheets and recovery boards to Tectum, Gypsum, and many lightweight

concrete decks. Installing OlyLok is fast and easy, as it does not require pre-drilling. Locking wire barbs provide increased pullout resistance. OlyLok is approved by system manufacturers, Factory Mutual and Miami Dade.

## ACCUTRAC SYSTEM

AccuTrac is an automated insulation attachment system providing the lowest installed cost for mechanical insulation attachment. In one simple step, AccuTrac positions the insulation plate as the roofer drives the fastener. This one-man method reduces labor, increases productivity and minimizes operator fatigue by eliminating constant bending with this ergonomic, easy-to-operate tool.
