

A JESCRAFT ROOF SCRAPER

3-1/2" Roof Scraper
 With knob handle – **SC-30**
 With "D" handle – **SC-30D** (NOT SHOWN)
 7" Roof Scraper
 With knob handle – **SC-70**
 With "D" handle – **SC-70D** (NOT SHOWN)

B JESCRAFT SCRAPER BLADES

3-1/2" blades – **SCR-30**
 7" blades – **SCR070**

C AJC CORE CUTTER

Extracts core samples from roofing for analysis. Produces 2" diameter specimens up to 7" long.
E87934

D AJC SHING-GO

Features a replaceable, serrated, tempered aircraft alloy blade. Gusset-reinforced body and highest grade ash wood handle. 47-1/2" long
AJC117SGS

SHORTY:

All the same features as the standard Shing-Go but only 27-1/2" long.
AJC117SGSH

SUPER:

All the same features, but has a super-tough fiberglass handle, extra brace reinforcement and skid plate. 47-1/2" long.
AJC117SGSS

REPLACEMENT BLADE FOR SHING-GO:

This blade is specifically designed to remove shingles and nails. Made from aircraft alloy steel and heat treated for extra strength.
AJC116SGB (NOT SHOWN)

REPLACEMENT WOOD HANDLE FOR SHING-GO:

AJC115SGH (NOT SHOWN)

REPLACEMENT FIBERGLASS HANDLE FOR SHING-GO:

AJC115SGHS (NOT SHOWN)

SKID PLATE FOR SHOVEL:

AJC114SKID (NOT SHOWN)

- Cutter (unassembled) - **FOX5811**
- Pick (unassembled) - **FOX5791** (NOT SHOWN)

I HISCO SLEDGEHAMMER

- 10lb with fiberglass handle HIBD-10 - **HISHIBD10**
- 10lb with wood handle HIBD-10W - **HISHIBD10W**

SHINGLE SHEAR

TRAMEX RWS ROOF LEAK SEEKER AND WET WALL SCANNER #RWS

Portable hand held instrument for non-destructive surveying, moisture detection and leak tracking in built up and single ply roofing and EIFS. Not for use on EPDM rubber.

TRAMRWS

TRAMEX MOISTURE ENCOUNTER PLUS #MEP

Non-destructive moisture detection for residential asphalt composition roofs and single ply membranes, wood, dry wall, plaster, brick and various other building materials. Not for use on EPDM rubber.

TRAMMEP

TRAMEX COMPACT MOISTURE METER

A probe type resistance meter with built in probes designed to measure moisture content in wood.

TRAMCOM

TRAMEX PROFESSIONAL MOISTURE METER WITH DIGITAL LCD (WITH BUILT IN PINS) #PTM

Digital Display Pin type resistance meter with built in pins designed to measure moisture content in wood and comparative readings in other building materials.

TRAMPTM

SHINGLE SHEAR

Makes square, angle and lengthwise cuts. In-laid tape and angle guide for quick reference. Adjustable rip fence for lengthwise cuts.

Weights only 16 lbs.

SHINSHR03

Shingle shear replacement blades

SHINSHRB (NOT SHOWN)

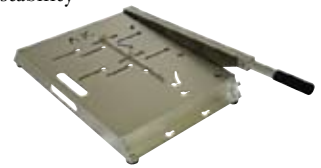

AJC SUPER SHEAR

Patent Pending shingle shear that can also cut most soft alloy metals. Offers cross, rip, and angle cuts with adjustable shear tension for cutting tougher material. Rigid blade arm that has long lasting replaceable blades. Lightweight with a carrying handle. Attached bracket along with rubber feet offers stability on the roof.
