

A LEISTER HOT AIR GUN

Adapter tube with heat protection, stepless electronic temperature control (PID control)

TRIACS

B SIEVERT HOT AIR WELDING TOOL

Variable airflow and temperature settings, easy to change heating element, DC brushless motor – lifetime warranty.

PRITH1650

SIEVERT®

C SIEVERT HOT-AIR AUTOMATIC WELDER*

Welds the seams of TPO, PVC and Modified Bitumen using no flame. Temperature and welding speed electronically controlled, therefore independent of voltage fluctuations. Independent suspension pressure roller guarantees even distribution of pressure along seam. Digital display of set and actual temperature, welding speed, and voltage. Fastest welding speed available on the market. For optimal performance, use with Sievert 12,000 watt generator (part number PRIG12000 shown on page 41). PRITW5000 is recommended for welding TPO or PVC, while PRITW5000SW is recommended for welding Modified Bitumen.

PRITW5000

Single Wheel – **PRITW5000SW** (NOT SHOWN)

D SIEVERT HAWK KIT HOT AIR WELDING TOOL 1650HAWK

Includes hot air welding tool, two nozzles, extra heating element, silicon roller, and durable plastic carrying case.

PRITH1650HAWK

SIEVERT HOT AIR WELDING NOZZLE, ANGLED

20 x 2 mm – **PRIPS30A1** (NOT SHOWN)

40 x 2 mm – **PRIPS30B1** (NOT SHOWN)

E SIEVERT REDUCTION NOZZLE

5 mm – **PRIPS31A** (NOT SHOWN)

10 mm – **PRIPS31B**

A SIEVERT HOT AIR PEEL-N-STICK KIT PNS-4
PRIPNS4

B SIEVERT ECONOMY SOLDERING KIT

U/L listed hose, regulator and spark lighter, 13 oz. copper hammer bits. Wind shield/stand.

ESK2-10: 10 ft. hose – **PRIESK210**

ESK2-30: 25 ft. hose – **PRIESK230** (NOT SHOWN)

ESK1-10: 10 ft. hose – **PRIESK110** (NOT SHOWN)

C SIEVERT PREMIUM SOLDERING KIT WITH 25 FT HOSE

Automatic on/off ignition, universal handle, soldering burner with windshield, 25 ft. U.L. listed hose, preset LP gas regulator; 28 PSI, quick connect (handle and hose), canvas carrying bag.

SIK1-30: 12 oz. Diagonal Copper Bit – **PRISIK130** (NOT SHOWN)

SIK2-30: 14 oz. Pyramid Copper Bit – **PRISIK230**

D SIEVERT PREMIUM SOLDERING IRON KIT WITH 10FT HOSE

Automatic on/off ignition, universal handle, soldering burner with windshield, 10 ft. U.L. listed hose, preset LP gas regulator; 28 PSI, quick connect (handle and hose), canvas carrying bag.

12 oz. diagonal copper soldering – **PRISIK110**

14 oz. pyramid copper soldering – **PRISIK210**

E SIEVERT PREMIUM BASIC SOLDERING KIT

Hose with regulator, copper bit and burner with wind shield.

LSK1-10: 10 ft. hose – 12 oz diagonal bit – **PRILSK110**

LSK2-30: 25 ft. hose – 14 oz pyramid bit – **PRILSK230** (NOT SHOWN)

SIEVERT SOLDERING BITS
